

# THE MEDICITY

## **THE MEDICITY: A NEW CONCEPT IN MEDICAL AND HEALTH CARE**

Medicity, one of India's largest projects in multi-specialty tertiary care medical treatment is envisioned as an institute that will redefine standards of excellence in healthcare delivery by bringing together the best of infrastructure, technology, training, education and medical intelligentsia.

With an investment of over \$350 million, Medicity aims to create a world-class education and training centre backed by remarkable infrastructure, futuristic technology and extraordinary vision of eminent cardiac surgeon, Dr Naresh Trehan – Chairman and Managing Director of Global Health Private Limited.

Located across 43 acres in the new international business-destination in the National Capital Region of New Delhi - Gurgaon, Medicity is a 1600 bed medical institute of world standards. The objective of Medicity is to bring in global healthcare delivery standards at affordable prices while firmly placing India on the international roadmap as premier destination for healthcare services, medical research and high-end medical diagnostics.

Besides offering the best of preventive and curative medicine, Medicity also offers to explore integrating the knowledge of traditional and alternative medicine with modern medicine, through means of scientific research.

### **SPECIALITIES COVERED**

Medicity will provide integrated primary, secondary and tertiary care services spanning over 20 super-specialties and high-end services in:

- Cardiology and cardiovascular surgery
- Oncology (including medical, radiation and surgical oncology services)
- Neurosciences (neurology and neurosurgery)
- Musculo-skeletal (advanced orthopedics, joint replacements, rheumatology and physical medicine)
- Transplant services
- Minimal access surgery including robotic surgery
- Nephrology
- Advanced pediatrics, neonatology, gynecology and obstetrics
- Ophthalmology
- Internal medicine and respiratory medicine
- Plastic and reconstructive surgery
- Gastroenterology and hepatology
- Dermatology
- Dental and oral health (including oral and maxillofacial surgery)
- Endocrinology
- ENT
- Geriatrics

### **WHAT IS UNIQUE ABOUT MEDICITY?**

Medicity aims to functionally integrate within one campus and one management the facilities of medical care, teaching as well as research and development. It also offers to explore the possibility of integrating knowledge of traditional and alternative medicine with modern medicine, through means of scientific research.

*Dr Naresh Trehan*

Medicity is led by Dr. Naresh Trehan, one of the leading luminaries in the medical world. Dr Trehan is a recipient of various national and international awards for excellence including highest national awards Padma Shri and Padma Bhushan, in recognition of his distinguished service to the nation. He has also served as personal surgeon to the President of India since 1991 and was formerly President of the International Society for Minimally Invasive Cardiac Surgery (ISMIC).

Medicity's team has attracted some of the most distinguished names in medical and non-medical fields from all over the world.

## INFRASTRUCTURE

Medicity lobby view

Located across 43 acres in the new international business destination, Gurgaon, Medicity will be a 1600-bed institute of world standards with over 48 operating theatres.

### **Education:**

- Medicity will have a full-fledged medical college, the objective of which will be to produce highly competent general physicians and specialists who are socially sensitive and fully committed to principles of medical ethics. It will also make every attempt to erase the dividing line between clinical and non-clinical areas.

## Research and Development

- Medicity will have a state-of-the-art research and development centre integrated with the hospital and the teaching establishment.
- It is planned to be one of the best funded, staffed and managed medical R&D centre in the country. Its Research Advisory Committee will consist of 12 members from amongst the best-known names in modern biology, including various areas of medicine.

## Traditional Medical Practices

- An important objective of Medicity will be to validate – and integrate with modern medical system – those medical practices in our traditional and complimentary systems of medicine such as Ayurveda, Unani, Siddha, Tibetan and tribal systems that are compatible with science.
